Meredith Rettinger received a BA from Brandeis University in Waltham, Massachusetts and both a BS and DVM degree from the University of Illinois College of Veterinary Medicine.

After graduation in 2005, she returned home to Southern California where she did a year's specialty training in internal medicine. Dr. Rettinger's particular focus is on diagnostic ultrasounds, endoscopy, and geriatric medicine.

Realizing the adverse effects of obesity on an animals health and well-being, Dr. Rettinger is thrilled to be part of Project: Pet Slim Down.

In her free time, Dr. Rettinger enjoys horseback riding, spending time with her husband and two rescue dogs, and running after her three cats.
